

Geology

CC-I (Common core-I) Theory- General Geology

Block-I General Geology

Unit-1 Introduction, Scope and development of Geology

Unit-2 Solar System-Origin, mass, density and atmosphere

Unit-3 Earth -origin, age, size, internal structure.

Block-II Orogeny

Unit-4 Mountains

Unit-5 Earthquakes

Unit-6 Volcanoes

Block-III External processes-1

Unit-7 Rock weathering

Unit-8 Rivers

Unit-9 Groundwater

Block-IV External processes-2

Unit-10 Glaciers

Unit-11 Lakes and Seas

Unit-12 Wind

Core Course - I Practical General Geology

Block - I Physical Geology-1

Unit-1 Internal Constitution of Earth

Unit-2 Earthquakes

Unit-3 Volcanoes

Unit-4 Fluvial Land forms

Block - II Physical Geology-2

Unit-5 Landforms --Groundwater

Unit-6 Landforms -- Glaciers

Unit-7 Land forms - Seas and Oceans

Unit-8 Landforms-- Wind
